## Tender Overview

### Overview of Tender specific Events and Activities

**Important:** Users not familiar with the system must read the General Guidelines and Page-Help, which can be viewed by clicking on 'Page Help' given above.  
ETS Customer Support - Help Desk: +91-124-4229071, 4229072; support@isn-ets.com

### Tender Reference/ Classification

**(Important)** Where a user is handling multiple tenders, the user is advised to 'enter data' and/or 'execute activities' for only one tender at a time. This is to avoid accidental/ inadvertent entry of incorrect data/ data-corruption. In case this advice is ignored, the concerned user will be responsible for any consequent errors.

### Local Time Zone and Schedule of Events

Bid-submission in ETS can consist of submission of multiple bid-components, which vary depending upon the situation and requirements of the Buyer. Successful receipt of a bid in an e-tendering scenario takes place if all the required bid-components are successfully 'received and validated' in the system(ETS) within the scheduled date and time of closure of bidding.

Further, validation involves multiple steps and varying aspects depending upon the situation. For example, one of the checks done at the server-end in ETS, is to validate the digital-signature of the authorized bidder when the bidder submits a bid-component. If the signature verification fails, the submission is rejected.

Whether a bid-component receipt is successful, or has failed (under specific conditions only), is recorded in the ETS Audit Trail, which is generated by ETS. Finally, the overall bid submission is complete when all the required bid-components relevant to that stage of bid submission of that tender have been successfully completed in ETS.

It is emphasized that ETS/ Service Provider is not responsible for what happens at an end-user's end, or while a submission made by an end-user is in transit, until the submission is received and validated in ETS as outlined above.

In case of any doubt, the ETS Audit Trail Report will be the final record/ evidence for reference regarding successful bid-submission.
